

QHS&E POLICY STATEMENT

Quality, Health, Safety and Care for the Environment in which we work are of primary importance to Perry Slingsby Systems, Inc.

QHS&E Management is the key to safe and efficient operations and to continuously improving the Company's performance.

Our goals are simple:

- QUALITY in the performance of all functions.
- Maintaining a SAFE, HEALTHY, and INJURY FREE workplace.
- Respect for and avoidance of damage to the ENVIRONMENT.

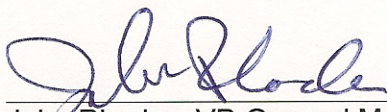

These goals rank equally with other primary business objectives.

Our Integrated Management System fully reflects the QHS&E needs of Perry Slingsby Systems, Inc. and is the primary means by which we systematically set our objectives and targets, document improvements, and monitor through management reviews to ensure:

- Safe systems of work which avoid accidents, anticipate hazards, and reduce risks to an acceptable level are maintained.
- Compliance in all respects with our clients' requirements.
- Compliance with the law and recognized best practice.

As benchmarks, we have adopted the standards of ISO 9001 (the International Standard of Quality), ISO 14001 (the International Standard for Environmental Improvement), and OSHA (the Occupational Safety & Health Administration standards for the management of safety). We will work together to achieve progressive improvement in all areas of our business through the implementation of this Policy and by compliance with our QHS&E Management System procedures.

The responsibility for Quality, Safety, and Care for the Environment rest upon us all. It is an integral part of and is inseparable from our daily operations.

John Rhodes, VP-General Manager
